## **SOCIAL MEDIA POLICY**

This policy guides the use of social media by club officials and members. Unfortunately by its very nature social media allows posts by individuals outside the control of the club. However the club will use its best endeavours to monitor posts and pull down those deemed offensive or inappropriate.

The club has the following social media applications:

- Facebook
- Twitter
- Instagram

A member of the committee is charged with monitoring the posts on social media. This committee person has the committees permission to make decisions with respect to whether posts are suitable for our sites and may at their discretion remove these posts if deemed inappropriate, They may also contact others who have made posts on other sites which may be inaccurate or offensive and request that they remove such posts from their sites.

### **Photographs of minors:**

The club policy is that if a person under the age of 18 years may be recognised in photos posted on club sites the permission of the parent or guardian must be obtained prior to posting. No details of the young person (name, age, interests, address or contact information) may be revealed as these may be used by paedophiles as grooming tools.
